**QUESTIONS AND ANSWERS  
SOLICITATION #  
DCEB-DMPED-08-R-DEMO-91240-DTP**

**Q1-** Can we transport equipment through the front entrance of park?

**A1-** Yes, the contractor will be responsible for restoring the area back to acceptable condition to the owner.

**Q2-** Regarding the location of utilities; can we transport temporary piles to support utilities or relocate utilities down steel sheet bulkheads and over to the building?

**A2-** Yes, at the contractor discretion either temporary piles to support the utilities or relocate the utilities down steel sheet bulkheads and over to building is acceptable.

**Q3-** When demolishing the concrete under the existing sewer pipes, could the concrete be allowed to fall into the water and then use either an excavator or clam bucket to remove the debris?

**A3-** Yes, as long as all debris is removed from the construction area either by barge or by landside. Proper disposal is the contractor responsibility.

**Q4-** What is the depth of the retention buoys?

**A4-** Full depth to the mud line.

**Q5-** Can the construction time frame be extended beyond the 20 work days?

**A5-** Yes, we will issue an Amendment (Amendment 001) changing the deliverable due date from twenty (20) calendar days to thirty (30) calendar days from the Notice to Proceed.

**Q6-** Can trucks be staged on the street?

**A6-** Yes, if proper authorization is obtained from DC's Department of Transportation (DDOT). The successful bidder will be responsible for obtaining any necessary approvals through submission of a traffic control plan and any other DDOT requirements. .

**Q7-** Will this project use Davis Bacon Wages?

**A7-** Yes, see Section J of the Solicitation (Attachment J-1.2).

**Q8-** What is the skill level of the ECC personnel?

**A8-** Please contact ECC directly.

**Q9-** Can you define General Construction per Section B3 on pg 2?

**A9-** This provision for the requirement is hereby amended. Please see Amendment 001.

**Q10-** Contractors will provide a safety plan. Is the Army Corp of Engineering Safety Plan required?

**A10-** An Army Corp of Engineering Safety Plan is not required. However a safety plan is required by the owner.

**Q11-** Is a bid bond required?

**A11-** Yes. See Section K of the Solicitation.

**Q12-** Are there liquidated damages?

**A12** Yes Five Hundred dollars (\$500.00) per day.

**Q13-** Can ECC be used as part of the 35% subcontracting requirements for this contract?

**A13-** No. ECC is not a certified small business enterprise.

END.
